Dear Ms. Hinnegan

Per 7 AAC 07.050 Review for Completeness, the certificate of need (“CON”) program requires additional information to declare South Peninsula Hospital’s (“SPH”) CON application complete.

Please see a listing of the required elements necessary to declare SPH’s CON application complete:

 - 1. Page 10/182 has a completion date of 12/2025. Does this correspond to the completion date of Phase 1?
 - 2. Page 99/182 has a completion date of 7/2026. Does this correspond to the completion date of Phase 2?
 - 3. If all services pertaining to the CON will begin at the same time, please provide that date.
- B. The Office of Rate Review requires the projected increase in revenues for the first four complete years of service for each of the three services described in the CON application (Nuclear Medicine, Infusion, Pharmacy).
 - 1. Page 62/182 presents the volume projections for Nuclear Medicine and the Nuclear Medicine Profit and Loss Statement. The profit and loss statement indicates revenues and expenses are for the hospital ex: (“Hospital Revenues”, “Hospital Expenses”).
