

**SOUTH ANCHORAGE SURGERY CENTER, LLC**  
**1917 Abbott Road suite 103, Anchorage, AK 99507**

December 20, 2021

Alexandria Hicks, CON Program Coordinator  
Department of Health and Social Services  
3601 C. Street, Suite 978, Anchorage, AK 99503

Dear Ms. Hicks,

This is a letter of intent requesting a determination of whether a certificate of need (CON) will be required for South Anchorage Surgery Center (SASC) to add an additional category of health services provided in our facility per AS 018.07.

SASC will add the category of gastrointestinal procedures in January 2022. There will be no change to the anesthesia when/if used for procedures at SASC, we currently offer anesthesia that is no deeper than moderate sedation; patients at all times will be capable of unassisted respiration and response to external stimuli.

The current footprint of SASC will not change, nor will there be any needed renovations required to add the additional health services. Equipment costs are below the threshold set in AS 18.07.031 at \$258,057.96. (See attached equipment list).

Thank you for considering our request for determination. If you have any questions please feel free to contact Jennifer Bercier at 907-748-6471 or [jbercier@aapain.com](mailto:jbercier@aapain.com).

Sincerely,

A handwritten signature in blue ink, appearing to read 'Alfred Lonser', with a stylized flourish at the end.

Alfred Lonser, MD
