

FMC Soldotna

Site and Financial Information

The facility will be located at the following site:

Selected Site: FMC Soldotna will be located at West Marydale Avenue and North Fireweed Street. The specific address of the site is 304 West Fireweed Street. Fresenius was unable to find a suitable existing building. A building will be constructed. Fresenius will lease the to-be-constructed building.

Table 1 contains the required information regarding the selected site:

Table 1
FMC Soldotna Site Information

| Item | Description |
|----------------------------------|--------------------|
| Square Footage for Selected Site | 6,000 square feet |
| Diagrammatic Plan | Attachment 1 |
| Zoning Information | Attachment 2 |
| Single Line Drawings | Attachment 3 |

As a result of the site selection process, all of the required financial schedules and financial information is described in Table II below:

Table 2
FMC Soldotna Financial Information

| Item | Description | Location |
|---|---|--------------------------|
| Schedule I | Facility Income Statement | Attachment 4 (Exhibit 4) |
| Schedule II | Not applicable as FMC Soldotna is a new facility | N/A |
| Schedule III | Average Patient Cost per Day and Revenue Amounts | Attachment 5 (Exhibit 5) |
| Schedule IV | Operating Budget | Attachment 5 (Exhibit 5) |
| Schedule V- A & B | Not applicable as FMC Soldotna is a new facility. Not applicable as FMC Soldotna will utilize reserves for the financing of this project. | N/A |
| Schedule VI | Reimbursement Sources | Attachment 6 (Exhibit 6) |
| Schedule VII | Depreciation Schedule | Attachment 7 (Exhibit 7) |
| Capital Expenditure (Certified Estimates) | Letter from Gary Pete, Project Manager | Attachment 8 |
| Letter of Intent | Letter of Intent for Lease of Space | Attachment 9 |

Revised Certificate of Need Review Fees

The lease costs for the building were based upon the ten year lease. However, Fresenius now understands that the lease costs should have been based upon a 25 year useful life (per the American Hospital Association). As such, and included Table 3 below, is the revised calculation for determining the CN review fees.

Table 3
Revised Calculation of Certificate of Need Review Fees

| Item | Estimated Cost |
|-------------------------|-----------------------|
| Equipment | \$314,231 |
| General Construction | \$852,047 |
| Other Constr Fees | \$20,000 |
| Cost of Lease | \$3,600,000 |
| Total Considered for CN | \$4,786,278 |
| Total Cost Times .1% | \$4,786 |
| Amount Received | \$2,567 |
| Amount Due | \$2,219 |

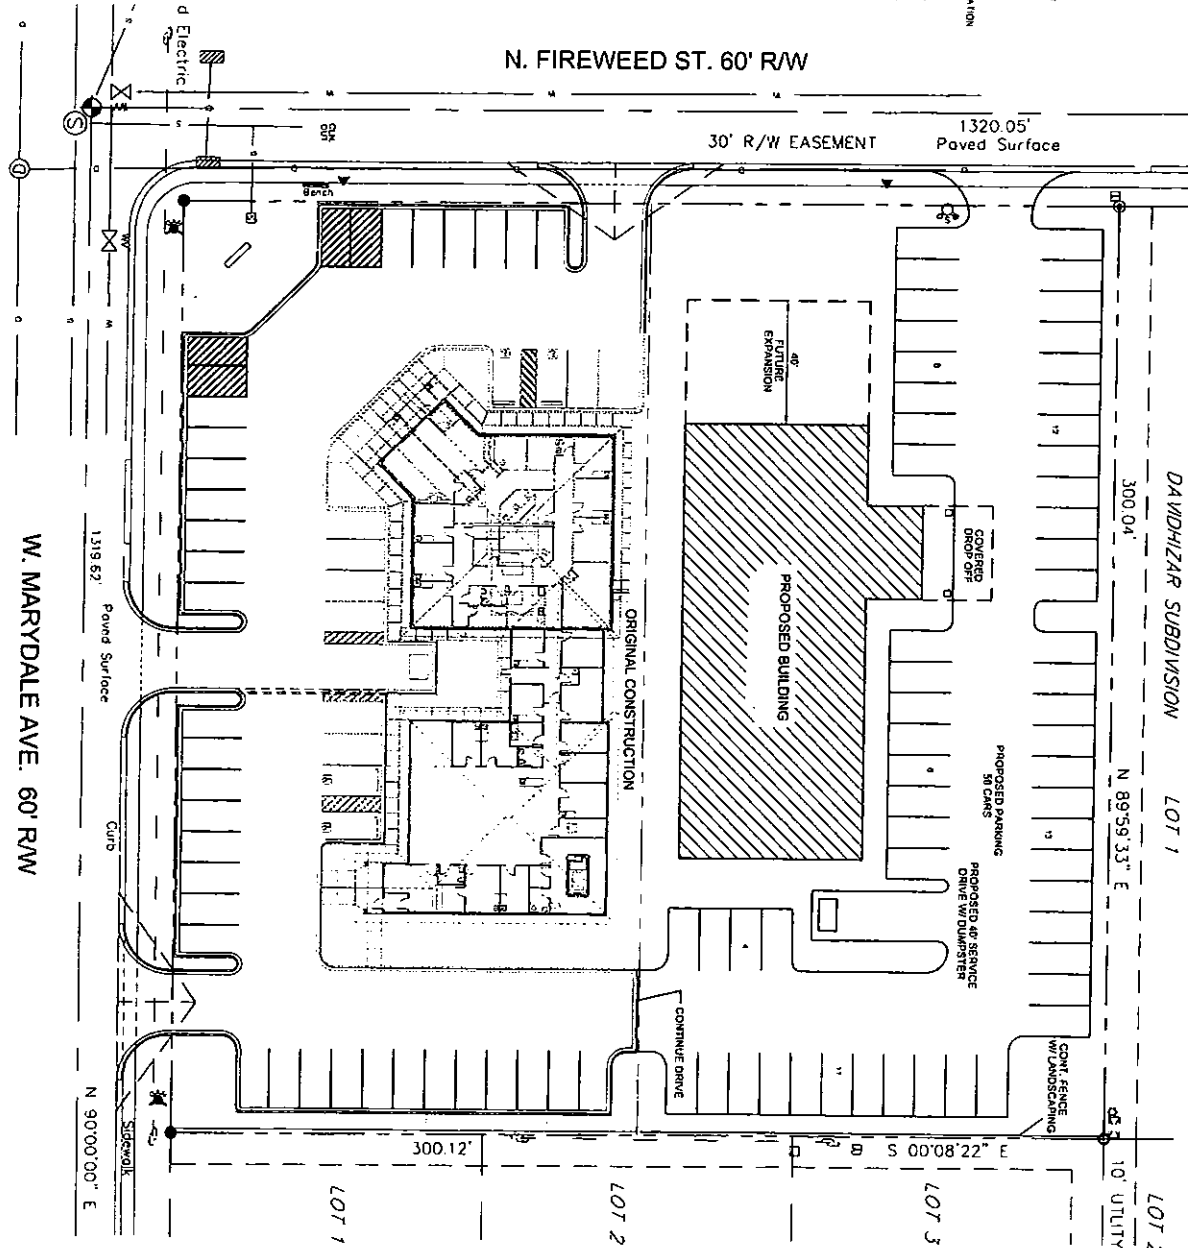

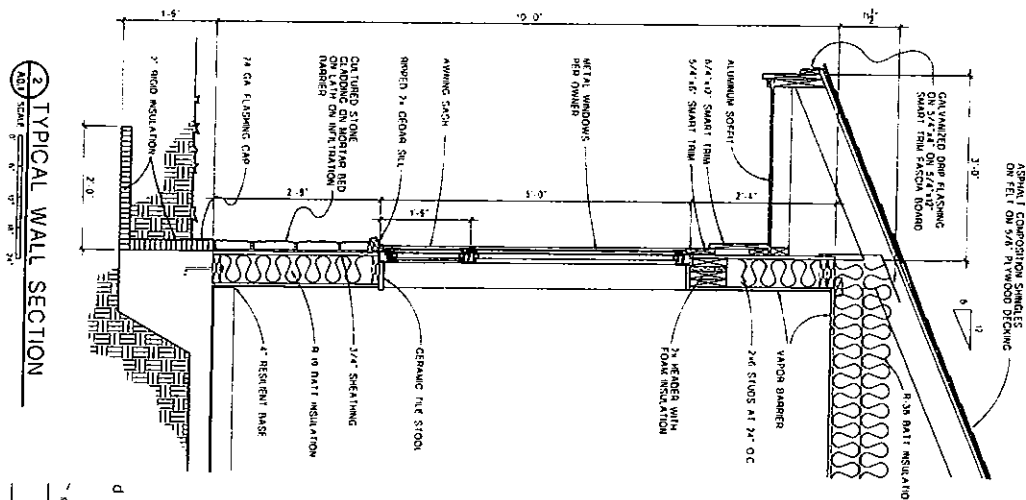

| | |
|--------------------------|-------------|
| Lease Expense per SF | \$24.00 |
| Number of SF | 6,000 |
| Annual Lease | \$144,000 |
| AHA useful life in years | 25 |
| Amount considered for CN | \$3,600,000 |

Source: Applicant

Stakeholder Participation in Planning –

Fresenius' planning process includes patients, transportation providers, physicians, and staff. Input is solicited to determine the need, location and other elements of the project. The establishment of the FMC Soldotna facility came as a result of direct input and involvement from physicians, staff and patients.

Dear Mr. Newth,

The subject property located at 304 West Fireweed Street (PIN# 059-071-01) is located in a Limited Commercial District (Soldotna Municipal Code (SMC) 17.10.260). General medical offices are a permitted use within this zoning district.

When there is a change of usage from a single family dwelling unit to a medical office it triggers the property to become compliant with the current land use regulations, and a zoning permit will need to be issued.

SMC 17.110.115 states, "no building or structure or part thereof shall hereafter be erected, altered or maintained, and no new use or alteration of use shall be made or maintained on or in any building, structure or land except in conformity with the provisions of this zoning code."

Therefore, the change of usage will require one off-street parking stall measuring 10-feet by 20-feet for every 200-feet of gross floor area (SMC 17.10.330). The Kenai Peninsula Borough tax parcel information system shows the structure being 2328 square feet including the attached garage. Therefore, the property would require 12 off-street parking stalls. Also, the parking area would be required to have pavement within 3 years of the issuance of a zoning permit.

The change of usage would also trigger the need to provide landscaping; SMC 17.10.335 requires a ten-foot wide landscaping bed adjacent to all right-of-ways excluding the ingress and egress. The landscape plantings would need to meet the requirements of the subject section. I believe there is still a large stand of ever greens on the western portion of the property. Natural vegetation can be used in the landscaping plan.

A Building Permit may also be required, please check with the building department before any changes occur.

You can find all of the requirements for developing in Soldotna at www.ci.soldotna.ak.us.

I hope this has been helpful and if I can be of any further assistance please feel free to contact me via e-mail or at 907-262-9107.

Sincerely,
Anna M. Johnson

Attachment 8
Letter from Gary Pete, Project Manager

Fresenius Medical Care

June 25, 2007

David Pierce, Certificate of Need Coordinator
Dept. of Health and Social Services,
Division of Public Health
P.O. Box 110616
Juneau, AK 99811-0650

Dear Mr. Pierce:

RE: FMC Soldotna Certificate of
Need Application Proposing the
Establishment of a 7-station dialysis
facility.

I am writing to certify the capital cost estimates included in the certificate of need application from Fresenius Medical Care proposing the establishment of a 7-station dialysis facility in Soldotna.

I certify the following cost estimates are accurate and reflect the anticipated costs of undertaking and completing a 7-station dialysis facility located at West Marydale Avenue and North Fireweed Street. The costs below are for the tenant improvements and equipment for either site:

| | |
|--------------------------------|--------------------|
| Estimated General Construction | \$852,047 |
| Major Moveable Equipment | \$314,231 |
| Other Consultation Fees | \$20,000 |
| Total | \$1,166,278 |

The above estimates are consistent with the selected site and Fresenius' experience in the development of free-standing dialysis centers. The moveable equipment costs are based upon Fresenius' present purchasing relationships.

Please do not hesitate to contact me if you have any questions or require additional information.

Sincerely,

Gary Pete, Project Manager
Fresenius Medical Care

Attachment 9
Letter of Intent for Site

Health Property Services, Inc.

Corporate Real Estate Solutions

June 29, 2007

Henry Krull, MD
K&R Development
291 N Fireweed Street
Soldotna, AK 99669

RE: **Bio-Medical Applications of Alaska, Inc.**
Request For Proposal

Dear Dr. Krull

Health Property Services Inc. has been exclusively authorized by Bio-Medical Applications of Alaska, Inc. ("BMA"), a wholly owned subsidiary of Fresenius Medical Care Holdings, Inc. d/b/a Fresenius Medical Care North America ("FMCNA") to present you with the following letter of intent.

LANDLORD: K&R development

TENANT: Bio-Medical Applications of Alaska, Inc., a Delaware corporation ("BMA") or its assignee

LOCATION: Building to be constructed at North Fireweed and Marydale, Soldotna, Alaska.

INITIAL SPACE REQUIREMENTS: Approximately 6,000 contiguous usable square feet.

Tenant may have the need and therefore must have the option to increase or decrease the area by up to ten percent (10%) until approval of final construction drawings.

PRIMARY TERM: Tenant requires an initial lease term of ten (10) years. The Lease and rent would commence on the earlier of 120 days after delivery of the shell space or the date that the facility starts treating patients. For purposes of establishing an actual occupancy date, both parties will execute an amendment after occupancy has occurred, setting forth dates for purposes of calculations, notices, or other events in the Lease that may be tied to a commencement date.

DELIVERY OF PREMISES: The parties acknowledge that Tenant is required to submit an application to the State of Alaska for a Certificate of Need ("CON"). Current projections suggest that the CON will not be forthcoming

Reservoir Woods, 920 Winter Street, Waltham, MA 02451-1457 ~ (781) 699-9000 ~ Fax (781) 699-9717

until November 30, 2007. Tenant proposes to continue negotiating a lease document in the meantime.

Tenant is prepared to offer the following inducement to Landlord to continue negotiations:

- With the execution of this letter of intent, a \$10,000 **refundable** deposit if the parties cannot come to terms on a lease agreement
- With an executed lease, the initial deposit will become **non-refundable** (and assigned against the first month's rent), plus a further **refundable** deposit of \$15,000 should the Tenant be unsuccessful in securing the CON by or before November 30, 2007.

We would then anticipate that construction of the shell building could begin in the spring of 2008, with delivery scheduled six months thereafter.

OPTIONS TO RENEW:

Tenant desires three (3), five (5) year options to renew the Lease. Option rental rates shall be based upon the lower of Fair Market Value or the increase in the Consumer Price Index over the previous five years, capped at 2.5% per year. Tenant shall provide sixty (60) days' prior written notification of its desire to exercise the option. Please identify the terms of any option to renew.

RENTAL RATE:

Years 1 – 3: \$21.00 per square foot
Years 4 – 6: \$22.25 per square foot
Years 7 – 10: \$23.60 per square foot

TENANT ALLOWANCE:

Please provide a tenant allowance.

USE:

Tenant shall use and occupy the Premises for the purpose of an outpatient dialysis facility and related office uses and for no other purposes except those authorized in writing by Landlord, which shall not be unreasonably withheld, conditioned or delayed. Tenant may operate on the Premises, at Tenant's option, on a seven (7) days a week, twenty-four (24) hours a day basis, subject to zoning and other regulatory requirements.

DEMISED PREMISES

SHELL:

The build-out allowance assumes the following items will be part of the demised shell, at Landlord's expense:

- Demised premises in a shell condition, which shall mean that the building is completely enclosed with permanent doors, windows, and roof installed and all required utilities, have been brought to the building.

- Adequate electrical power installed for Tenant's operation (600-amp/208-volt, 3-phase),
- HVAC units, in place, (Tenant will distribute duct work and provide the HVAC unit specifications.) for the space in an amount no less than 4 tons per 1,000 SF of leased space;
- The presence of gas service to handle the above HVAC needs and the use of two 100 gallon water heaters and one 50 gallon water heater to the Premises;
- The presence of sewer service with no less than a 4" line, into the Premises;
- The presence of water service with no less than a 2" dedicated line to the space, into the Premises;
- A sewer invert level not less than three (3) feet below the top of the slab on grade;
- Building fully serviced by automatic fire suppression system;
- A double man door on the side of the building for deliveries into their water treatment space;
- A Porte-Cochere/canopy at the main entrance (large enough to shelter an ambulance) to shield patients entering the building.

**CONTRACTOR FOR
TENANT IMPROVEMENTS:**

Tenant will hire a contractor and/or subcontractors of their choosing to complete their tenant improvements utilizing the tenant allowance. Tenant shall be responsible for the implementation and management of the tenant improvement construction and will not be responsible to pay for Landlord's project manager, if any.

HVAC:

Tenant requests an allowance of \$5.50 per square foot toward the HVAC system and will be responsible for purchase and installation.

EMERGENCY GENERATOR:

Tenant shall have the right, at its cost, to install an emergency generator to service the Premises in a location to be mutually agreed upon between the parties.

**SPACE PLANNING/
ARCHITECTURAL AND
MECHANICAL DRAWINGS:**

Tenant will provide all space planning and architectural and mechanical drawings required to build out the tenant improvements, including construction drawings stamped by a licensed architect and submitted for approvals and permits. All building permits shall be the Tenant's responsibility.

**PRELIMINARY
IMPROVEMENT PLAN:**

At this time, please provide AutoCAD files that include one-eighth inch scale architectural drawings of the proposed demised premises and detailed building specifications.

PARKING:

Landlord will provide a parking ratio of 5 per 1,000 RSF with as many of those spaces as possible to be directly in front of the building for patient use. Tenant shall require that 10% of the parking be designated handicapped spaces plus one ambulance space (cost to designate parking spaces to be at Landlord's sole cost and expense).

BUILDING CODES:

Tenant requires that the site, shell and all interior structures constructed or provided by the Landlord to meet all local, State, and Federal building code requirements, including all provisions of ADA.

**CORPORATE
IDENTIFICATION:**

Please indicate all signage available to Tenant, on the building and at the entrance to its space. Indicate who is responsible for the cost of the sign and installation.

**ASSIGNMENT/
SUBLETTING:**

Tenant requires the right to assign or sublet all or a portion of the demised premises to any subsidiary or affiliate without Landlord's consent. Any other assignment or subletting will be subject to Landlord's prior consent, which shall not be unreasonably withheld or delayed.

MAINTENANCE:

Landlord shall, without expense to Tenant, maintain and make all necessary repairs to the exterior portions and structural portions of the Building to keep the building weather and water tight and structurally sound including, without limitation: foundations, structure, load bearing walls, exterior walls, doors and windows, the roof and roof supports, columns, retaining walls, gutters, downspouts, flashings, footings as well as any elevators, water mains, gas and sewer lines, sidewalks, private roadways, landscape, parking areas, common areas, and loading docks, if any, on or appurtenant to the Building or the Premises. With respect to the parking and other exterior areas of the Building, Landlord shall perform the following, pursuant to good and accepted business practices throughout the term: repainting the exterior surfaces of the building when necessary, repairing, resurfacing, repaving, re-striping, and resealing, of the parking areas; repair of all curbing, sidewalks and directional markers; removal of snow and ice; landscaping; and provision of adequate lighting during all hours of darkness that Tenant shall be open for business.

Tenant shall maintain and keep the interior of the Premises in good repair, free of refuse and rubbish and shall return the same at the expiration or termination of the Lease in as good condition as received by Tenant, ordinary wear and tear, and damage or destruction by fire, flood, storm, civil commotion or other unavoidable causes excepted.

Tenant shall be responsible for maintenance and repair of Tenant's equipment in the Premises.

UTILITIES:

Tenant shall pay all charges for water, electricity, gas, telephone and other utility services furnished to the Premises. Tenant shall receive all savings, credits, allowances, rebates or other incentives granted or awarded by any third party as a result of any of Tenant's utility specifications in the Premises. Landlord agrees to bring water, electricity, gas and sanitary sewer to the Premises in sizes and to the location specified by Tenant and pay for the cost of meters to meter their use. Landlord shall pay for all impact fees and tapping fees associated with such utilities.

SURRENDER:

At any time prior to the expiration or earlier termination of the Lease, Tenant may remove any or all the alterations, additions or installations, installed by or on behalf of Tenant, in such a manner as will not substantially injure the Premises. Tenant agrees to restore the portion of the Premises affected by Tenant's removal of such alterations, additions or installations to the same condition as existed prior to the making of such alterations, additions, or installations. Upon the expiration or earlier termination of the Lease, Tenant shall turn over the Premises to Landlord in good condition, ordinary wear and tear, damage or destruction by fire, flood, storm, civil commotion, or other unavoidable cause excepted. All alterations, additions, or installations not so removed by Tenant shall become the property of Landlord without liability on Landlord's part to pay for the same.

**ZONING AND
RESTRICTIVE COVENANTS:**

Please indicate if the current property zoning is acceptable for use as an outpatient kidney dialysis clinic and whether there are any restrictive covenants imposed by the development, owner, and/or municipality.

FLOOD PLAIN:

Landlord will confirm that the property and premises is not in a Flood Plain.

FINANCING:

Tenant will require a non-disturbance agreement.

ENVIRONMENTAL:

Please confirm that there is no asbestos present in the building and that there are no contaminants or environmental hazards in or on the property. Also include a brief narrative of any tenants and their activities as they relate to the generation of hazardous materials.

DRAFT LEASE:

Tenant requires the use of its Standard Form Lease, which shall be provided.

BROKERAGE FEE:

Health Property Services, Inc. ("HPS") is the exclusive real estate services provider to FMCNA, its subsidiaries and affiliates. The Landlord will pay a 5% market commission to HPS. The real estate

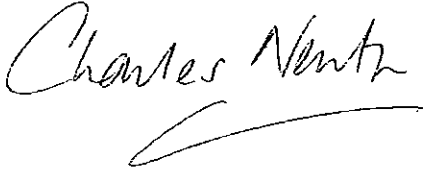

commission shall be payable 50% upon lease execution and 50% upon occupancy. BMA and FMCNA shall retain the right to offset rent for failure to pay the real estate commission.

CONFIDENTIAL:

The material contained herein is confidential. It is intended for use of Landlord and Tenant solely in determining whether they desire to enter into a Lease, and it is not to be copied or discussed with any other person.

Thank you for your time and cooperation in this matter.

Yours sincerely,

Charles Newth
Real Estate Transaction Manager
